EDUCATION

2022 Ph.D., Computer Science and Engineering, Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat, India.

2014 M.Tech., Computer Engineering, Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat, India.

2010 B.E., Computer Engineering, Veer Narmad South Gujarat University, Surat, India

2005 B.A. (Dance), Bharatnatyam, Sangeet Visharad, Brihad Gujarat Sangeet Samiti, Ahmedabad, India.

PROFESSIONAL APPOINTMENTS

2024–2026 Assistant Professor, Department of Computer Science, Utica University, Utica, NY

2024 Assistant Professor, Department of Artificial Intelligence and Machine Learning, Symbiosis Institute of Technology, Symbiosis International (Deemed) University, Pune, India

2022–2024 Assistant Professor (Senior Grade), Department of Computer Science and Engineering, S.N. Patel Institute of Technology and Research Center, Gujarat, India (affiliated with Gujarat Technological University)

2010–2022 Assistant Professor, Department of Computer Science and Engineering, S.N. Patel Institute of Technology and Research Center, Gujarat, India (affiliated with Gujarat Technological University). From August 2012 to July 2014, I was sponsored by the institute to pursue a Master of Technology in the Computer Engineering Department at Sardar Vallabhbhai National Institute of Technology, Surat.

TECHNICAL SKILLS

- **AI Systems & Workflows:** Agentic AI, RAG, Computational Workflow Design, Experimental Evaluation, HPC-Based Agentic AI Workflows
- **Programming & Platforms:** Python, C, C++, NLTK, Dask, ACCESS Research Computing, Bridges-2, NVIDIA GPU Platforms, NVIDIA Jetson Orin/Nano, SLURM, Jupyter Notebooks
- **HPC & Parallel Computing:** MPI, OpenMP, Parallel Algorithms, GPU-Accelerated Computing, Scalability Analysis, Performance Benchmarking, CUDA
- **Quantum Computing:** PennyLane, Quantum NLP, Quantum Fisher Information (QFI), Qiskit
- **Research Methods:** Experimental Design, Model Evaluation, Explainability Analysis, Reproducible Computing, Research Mentoring

SELECTED RESEARCH PROJECTS

- **Quantum-Enhanced Privacy-Preserving NLP for Clinical Text De-Identification**
  CRA-WP Distributed Research Experiences for Undergraduates (DREU) | Summer 2026
  - Conceptualized and led a collaborative research initiative spanning agentic workflows for clinical NLP, privacy-preserving machine learning, quantum machine learning, and HPC-based performance evaluation, including quantum kernel simulation across heterogeneous CPU/GPU resources on ACCESS Bridges-2 through ACCESS Explore allocations.

- Mentored three undergraduate researchers through a 10-week summer research internship, each supported by a $9,000 stipend, guiding research design, technical development, experimentation, and evaluation.
- Three complementary research tracks: differential privacy and explanation stability for clinical NER; CPU/GPU and MPI-based HPC benchmarking of quantum kernel simulations; and quantum-kernel methods using QFI for explainability.
- Research outcomes included a paper accepted at ICMLDE 2026 and a poster presentation at IEEE Quantum Week.
- **Platforms and Tools:** ACCESS Bridges-2, Python, Linux, Qiskit, JAVA,MPI, SLURM

- **AstroCLIMB: Multimodal Feature Integration for Pairwise Relationship Classification in Astronomy Literatures**
  WASP 2026, co-located with IJCNLP-AACL | Accepted
  - Co-mentored student researchers working on multimodal relationship classification using astronomy figures and their associated captions.
  - Guided understandin the shared task and on integrating visual and textual features to classify pairwise relationships in scientific literature.

- **CX-SHAP: Concordance-Guided Cross-Domain Explainable AI for Clinical Decision Support**
  Graduate Research Thesis Mentored |Aryan KC
  - Co-mentored student researchers working on multimodal relationship classification using astronomy figures and their associated captions.
  - Mentored to create an end-to-end explainable AI framework as sole supervisor for M.Tech candidate Aryan KC (2026)
  - Designed explainability foundations and concordance-guided methodology enabling cross-domain generalization across healthcare and finance applications
  - Engineered heterogeneous device evaluation strategy across CPU, GPU, local HPC systems, and edge devices; optimized inference latency and memory footprint for resource-constrained edge deployment
  - Delivered a production-ready prototype to the client as an explainability engine in their environment
  - **Platforms and Tools:** ACCESS Bridges-2, Python, Linux, CUDA, Jetson NANO

RESEARCH

AWARDS AND HONORS

2025 NVIDIA Certified Generative AI – LLM Associate, October 2025.

2025 NVIDIA Certified Instructor, "Fundamentals of Deep Learning", December 2025.

2025 NVIDIA Certified University Ambassador, Utica University, December 2025.

2024 High-Performance Computing Master Trainer Certification (15-day sponsored training program), C-DAC and All India Council for Technical Education, National Supercomputing Mission, India (1 of 40 nationally selected participant from 400+ applicants), May 2024.

2024 CUDA Shiksha: Deep Dive into GPU Computing, National Supercomputing Mission / C-DAC / IIT Goa (A+ grade; Top 10 of participants),

2023 International Teacher's Olympiad (Suraasa) – Top 11% (Curriculum Design, Pedagogy, Technology Integration) and Top 7% (Assessment) among 100,000+ global educators

2023 Outstanding Achievement Award, S.N. Patel Institute of Technology and Research Center

2021 Expert Evaluator Panel Member, Toycathon-2021, Ministry of Innovation, Government of India

2021 Python for Data Science Certification, NPTEL (Elite Badge)

2014 AA Grade (10/10), M.Tech. Thesis, Sardar Vallabhbhai National Institute of Technology

GRANTS AND FELLOWSHIPS

2026 Received ACCESS Explore the grant to conduct DREU research project experiments on compute resources.

2026 Received travel support by CRA to attend, NAIRR Pilot Classroom Expansion Conference for Research Emerging Institutions with Small-to-Medium Computing Programs Denver, CO.

2026 Selected Participant, to attend in-person NSF CAREER Proposal Writing Workshop at Washington DC. Travel support provided through a Faculty Small Grant, Utica University.

2025 Received Faculty Professional Travel Fund Award, Utica University to attend NVIDIA GTC Conference, Washington, DC

2025 Received Faculty Professional Travel Fund Award, Utica University to attend IEEE IC2E3 Conference, Uttarakhand, India

2024 Received Faculty Small Grant, Utica University for conference presentation support, ICMLDE 2024

2015 Vishveshwaraya Ph.D. Fellowship for EC and IT, Ministry of Electronics and Information Technology (MeitY), Government of India (Unique Awardee No. MEITY-PHD-798)

INVITED TALKS

2026 "Contribution of AI in Women Empowerment," Invited as keynote speaker by IIT Mandi Catalyst and Camellia Institute of Engineering and Technology, India, March 8, 2026.

2026 NVIDIA Certification Workshop – Fundamentals of Deep Learning, G.H. Raisoni Institute, India, March 6–7, 2026. (50 participants; 37 earned certification)

2026 "High-Performance Computing and Artificial Intelligence," ACM Dallas Chapter, Feb 7, 2026.

2025 "High-Performance Computing and Artificial Intelligence," International STEM Week 2025, IEEE Women in Engineering (WIE) Affinity Group and IEEE Student Branch, ATLAS SkillTech University, Mumbai, India, November 17–21, 2025.

2025 "HPC and AI: Building Blocks of Modern Intelligent Systems," National Supercomputing Mission–Sponsored Faculty Development Program, Vishwakarma Institute of Technology (Pune), Walchand College of Engineering (Sangli), and C-DAC Pune, India, June 28, 2025.

2025 "Dask, AI and HPC: A Case Study Bridging HPC Concepts with Python for Scalable AI Workloads," National Supercomputing Mission–Sponsored Faculty Development Program, Vishwakarma Institute of Technology (Pune), Walchand College of Engineering (Sangli), and C-DAC Pune, India, June 28, 2025.

2025 "Role of AI in Healthcare," Online International Conference: Pharma Vision 2047, India, April 19, 2025.

2025 "Recent Trends in High-Performance Computing Using AI," AICTE ATAL Academy Faculty Development Program, Bonam Venkata Chalamayya Institute of Technology and Science, Amalapuram, India, February 22, 2025. (keynote)

2025 "Algorithms to Supercomputers: An Introduction to HPC in AI," Centre of Excellence of Big Data Computing and The Institution of Engineers (India), G.H. Raisoni College of Engineering and Management, Jalgaon, India, January 17,2025.

2024 "New Diet System – A Holistic Way to Reverse Your Diseases." Invited as Guest speaker at a one-day workshop by Shri B.V. Chauhan , R.N.G. Patel Institute of Technology and Research Center, Isroli, India, March 4, 2024.

2024 "High-Performance Computing for Data-Intensive and Complex AI Applications," AICTE ATAL Academy Faculty Development Program, Chaitanya Bharathi Institute of Technology, Hyderabad, India, December 7,2024 (keynote)

2024 "Awareness Workshop on High Performance Computing," AICTE–SANKALP Program, Vidhyabharti Trust College, Umrakh, India, September 28,2024 (keynote)

2024 "High Performance Computing," AICTE–SANKALP Program, S.N. Patel Institute of Technology and Research Center, Umrakh, India, September 6, 2024 (keynote)

2024 "AI and ML Tools," AI in Academics (CTE-approved short-term training program), Government Polytechnic for Girls, Surat, India, February 20, 2024

2021 "Effect of Raw Vegan Lifestyle on Women's Health." Guest panelist, panel discussion by Reiki Healing Foundation and New Diet System, hosted by Dr. N.K. Sharma and Dr. Savita Sharma, India, December 1, 2021.

2021 "Natural Language Processing Using Python NLTK," Department of Computer Science and Engineering, CKPCET, Surat, India, June 12, 2021.

2017 "Introduction to Cyber Security," ISTE Workshop, S.N. Patel Institute of Technology and Research Center, Umrakh, India, June 23–24,2017.

2016 "C Programming for Engineers," ISTE Workshop, S.N. Patel Institute of Technology and Research Center, Umrakh, India

CONFERENCE/WORKSHOP ACTIVITY

Session Chair

2025 Technical Session Chair, IEEE International Conference on Computer, Electronics, Electrical Engineering & their Applications (IC2E3), National Institute of Technology, Uttarakhand, May 2025.

Conference Sessions/Workshops Coordinated

2026 Coordinated HPC workshop on MPI Programming at Utica University as Satellite site for Pittsburgh Supercomputing Center, August 3-4, 2026

2026 Organized Conference Special Session on "The Convergence of AI, Immersive Media, and Emerging Computing" at the 7th International Conference on Data Analysis and Management (ICDAM-2026) at London Metropolitan University, London, UK, June 12-14, 2026

2026 Coordinated HPC workshop on Big Data and Machine Learning at Utica University as a satellite site for Pittsburgh Supercomputing Center, February 3-4, 2026

TEACHING EXPERIENCE

Utica University

Graduate Courses

Machine Learning	(Fall 2025)
Natural Language Processing	(Spring 2025, Spring 2026)
Design and Analysis of Algorithms	(Fall 2024)
Theory of Computation	(Spring 2025, Spring 2026)

Undergraduate Courses

Object-Oriented Programming	(Fall 2025)

Data Structures and Algorithms	(Fall 2024, Fall 2025)
Foundations of Computing	(Spring 2025)

Curriculum Development

Designed and developed new undergraduate AI/ML concentration courses as per ACM/IEEE Recommendations

Artificial Intelligence, Machine Learning, and Deep Learning, Data Engineering and Big data Foundations for the B.S. in Computer Science, Utica University.

Symbiosis Institute of Technology, Pune

Big Data Analytics	(Spring 2024)
Data Structures and Algorithms	(Spring 2024)
B.Tech. Project	(Spring 2024)

S.N. Patel Institute of Technology and Research Center

Design and Analysis of Algorithms	(Fall, 2016–2024)
Programming for Problem Solving	(2010–2012, 2022–2024)
Design Engineering (Project)	(2010–2024)
Artificial Intelligence	(2010–2012, Spring 2023)
Theory of Computation	(2010–2012, Spring 2016–2024)
Database Management Systems	(Spring 2023)
Compiler Design	(Fall 2016, Fall 2017)
Python Programming	(Spring 2023)
Machine Learning	(Spring 2022)
Computer Networks	(Fall 2011)
Computer Graphics	(Spring 2012)
Software Engineering	(Fall 2011)
Software Testing & Quality	(2011–2012, Fall 2015)
Cyber Security (Institute Elective)	(2011–2012)
Undergraduate Project and Internship Supervision	(2010–2022)

STUDENT ADVISEMENT AND RESEARCH MENTORING

Undergraduate Students – Utica University

2026 Mentored Kyle Hartness, Alexander Gomez, and Ethan Smith on a student project (CSC 303: Computer Organization and Architecture) on EMG signal dataset processing with pipelining and GPU-level optimization; presented at Student Research Day, Utica University.

2025 Mentored Kyle Hartness, Alexander Gomez, and Connor Pikle on a collaborative project to optimize campus electricity scheduling and reduce peak demand at Utica University; extended work presented at the Consortium for Computing Sciences in Colleges, Northeastern Region (CCSCNE '26)

2025 Independent Study, Kyle Hartness - Machine Learning; extended collaboratively into a team project with Alexander Gomez (Data Structures and Algorithms, Object-Oriented Programming) and Connor Pikle (Object-Oriented Programming)

Project: Weather-based explainable electricity need prediction

Graduate Students – Utica University

2026 Mentored Aryan KC for Graduate Research Project on CX-SHAP: Concordance-Guided Cross-Domain Explainable AI for Clinical Decision Support

2026 Mentored Shaurav Parajuli and Suman KC on a shared-task submission for MultiClinNER organized by Barcelona Supercomputing Center, using an ACCESS allocation on Bridges-2 for inference; selected for poster presentation at ACL 2026.

2025 Mentored Aryan KC, Emmanuel Kow-Donkor, and Juneid Berta, "Investigating Natural Language Processing Challenges and Approaches in Low-Resource Languages: A Case Study of Twi, Amharic, and Nepali"; presented at Student Research Day, Utica University

2025 Mentored Aryan KC in refining a course project into research-ready work, "Parallel and GPU-Accelerated Approaches for Scalable Autonomous Vehicle Simulation and Training"; extended experiments and research work presented at IEEE CTSEM 2025 (accepted for Publication in Springer)

Graduate Students – External

2025 Co-advised M.Tech. research thesis on privacy-preserving quantum NLP with Dr. Mukesh Zaveri, National Institute of Technology, Surat; presented and published at IEEE IC2E3 2025

2025 Faculty Co-Advisor, "SattvikAI: A Personalized Nutrition and Recommendation Solution Using AI," New York State Business Plan Competition, Mohawk Valley Regionals, SUNY Polytechnic, Utica (with Prof. Joshua White, Utica University)

Undergraduate Students – External

2026 Co-advised undergraduate students Prince Maurya and Ananya Kalia with Dr. Preksha Pareek to build "Vāṇī Setu: An Interactive Sanskrit Learning Suite with Translation and Linguistic Feedback." Presented as a Research Demo at the 8th International Sanskrit Computational Linguistics Symposium (ISCLS 2026), IIT Roorkee, India, March 2026.

2025 Co-advised undergraduate research project with Dr. Preksha Pareek, Thakur College of Engineering and Technology, Mumbai, on multilingual machine translation for Sanskrit-language educational resources; submitted for system demonstration at IJCNLP.

Funded Undergraduate Research Mentorship - CRA-WP DREU Program

2026 Mentoring three DREU (Distributed Research Experiences for Undergraduates) Summer Research Interns in Quantum Information Science at Utica University
working on Quantum NLP research at scale with National Artificial Intelligence Research Resource
Students: Kyle Hartness- Utica University , Sofia Furda – Pace University, NY and Edmund Bombardieri – Washington and Lee University, VA, selected from 800+ national applicants (62 selected overall; 28 in Quantum Information Science); each received a $9,000 stipend for the 10-week program

SERVICES

Professional Services

2026 Participant, Virtual Roundtable Discussion, NAIRR Pilot Project and Classroom Expansion Conference: Research Emerging – Small/Medium computing program Institutions

2026 Mentor at CRA-WP DREU Program and part of the CCMNet Mentorship community

2018-Present Peer Reviewer for Scholarly Journals such as:

ACM Transactions on Asian and Low-Resource Language Information Processing

Language Resources and Evaluation, Springer Nature Sigma Journal of

Engineering and Natural Sciences

Scientific Reports, Springer Nature

2023 Reviewer, ASONAM 2023 Conference

Department/University Service (2025-Present)

2025–26 Led the establishment of a Pittsburgh Supercomputing Center (PSC) satellite site at Utica University; coordinated HPC workshop by PSC, "Machine Learning and Big Data" (February 2026), "MPI Programming" (August 2026).

2026 Member, AI Taskforce, Utica University shaping recommendations for ethical AI use cases

2026 Judge, Regional Science Fair, Utica University

2026 Compilation of data and prepared MS Computer Science Program Assessment Report, Utica University

2025 Faculty Coordinator, PyQuest: The Ultimate Python Challenge, TechHorizonU, Utica University

Department/University Service (India, 2010–2024)

2024 Fall'24, Admission Activity– interviewed prospective students for Graduate admissions, Symbiosis Institute of Technology, Pune, India.

2024 Visiting trainer at Bajaj Skill Center for teaching AI-ML basics to non-CS

2023 Subject Expert at interview panel of Assistant Professor Interview Selection Committee, Vidhyadeep University, Gujarat

2018–22 Member, Department-Level Committee for National Board of Accreditation (NBA), S.N. Patel Institute of Technology and Research Center, India

2018-22 Member, Admission Committee for Undergraduate Admissions, S.N..Patel Institute of Technology and Research Center, India.

2017–22 Lead coordinator, Website and App Management Team, S.N. Patel Institute of Technology and Research Center

2010–24 Member, Research and Development Cell, S.N. Patel Institute of Technology and Research Center

Community Involvement/Outreach

2025 "Girls Who Teach AI: Hands-on Machine Learning Fun," STEM Girls 2025, conducted the hands-on activity introducing machine-learning concepts to middle school students,

NON-ACADEMIC WORK

2022 AWS Cloud Computing Trainee, Eastern Techno Solutions, Surat, India

2019 Consultant, Gujarati Language, What3words, London, UK (remote) - language localization for global geocoding platform

2016–'20 Co-Founder and CEO, MyPageantry – The Ultimate Showcase, India

PROFESSIONAL MEMBERSHIPS/AFFILIATIONS

Indian Society for Technical Education (ISTE) – Lifetime Member
